

How to use this resource:

Use the **T.A.L.E.N.T.S.** acronym sheet to help your child discover and develop his or her talents.

**T** is for think - Think about things you're good at.

**A** is for ask - Ask others what they think your talents are.

**L** is for look - Look for ways you can use your talents.

**E** is for enjoy - Enjoy your talents.

**N** is for nurture - Nurture your talent by practicing.

**T** is for thank God - Thank God for the talent He gave you.

**S** is for share - Share your talent with others

Use the brainstorm map to write down ways your child can grow their talents. For example, in the *think* box, write the things your child thinks her or she is good at. In the *ask* box, write the things others say your child is good at. Once your child has decided which talents they want to develop, write them in the center box.

For more information on developing your child's talents, go to <http://www.raisingdisciplesforchrist.com/blog/develop-childs-talents>

**T**

Think of things you're good at.

**A**
